

# “The Future of Everett” Art Contest

Sponsored by the Everett Museum of History

## About the Museum

The Everett Museum of History, previously the Snohomish County Museum and Historical Association, has served the City of Everett community since 1954. Our mission is to connect the community with its heritage through educational exhibits, programs and events. We strive to educate all demographics about their cultural heritage and enhance the lives of youth and adults by providing programming that appeals to everyone.

And with over 65,000 fascinating historical artifacts in our collection, we have a lot of catching up to do to show them off to our community! With the goal of opening in late 2021, the new, contemporary cultural heritage museum will be located in a historic building at Colby Avenue and Wall Street in downtown Everett’s cultural district.
